### Can't get enough computer play?

If your kids love playing on the computer here are some great educational sites to check out:

PBS, Abcya, coolmath, and hoodamath are used in our computer lab. Typingclub.com is a great one for working on keyboard skills. Abcya also has great keyboarding games as well as math and reading games. Kindergarteners are learning to use a mouse and get some great hand eye coordination, so PBS works great for them.

## Messages to Students

If you need a message given to your child, please contact the school **before 2:00**. This will assure we have time to get the message to your child. Thanks.

## BELIEVE FUNDRAISER ENDS TODAY!

Please turn in your order with payment. Orders will be in the week on November 28<sup>th</sup>. Thank you for participating!

Last week Barnes Butte Kindergarten, 1st grade, and 2nd grades celebrated fire safety week with a visit from Fireman Russ and Fireman Casey.
