 5:15-6:45  
 Roam around the  
 school and visit every  
 POD/Grade Level for fun**

**Dr. Seuss Activities and Book Fair**

**News from the gym**

Nearly each day in PE, we begin with an instant activity to get students moving quickly and engaged in PE. In this picture, 1<sup>st</sup> grade students in Mrs. Nelson’s class are practicing moving safely in open space while fleeing and dodging in a super fun game called Bug Zapper. The class is joined by Giselle and SLC assistant Beth Lampert. She is trying to tag the bugs with the red noodle while others are saving the zapped bugs with the green noodles. Thanks, 1<sup>st</sup> graders and Beth, for always making PE an inclusive environment for all students. –Mr. Yuma

Mrs. Cross’ class of engineers received 7 LEGO First Kits to begin designing buildings using civil and

mechanical engineering. The kits were donated by Facebook. The “engineers” have been asked to design and make models of buildings that could be added to the community of “Boomtown.” As students unboxed the kits, their first goal was to make a building that you could find in our community.
